DETAILED ACTION

Upon rehearing by the Board of Patent Appeals and Interferences, 17 July 2011, the rejection of claims 1-20 has been upheld and the rejections of claims 21 and 23-30 has been reversed. Thus claims 1-20 are cancelled and claims 21 and 23-30 are allowed.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 1-20 are cancelled.

Allowable Subject Matter

Claims 21 and 23-30 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 21, the prior art fails to teach or fairly suggest, in addition to the accompanying features of the claim, the following in italics:

A system for fusing first and second optical waveguide sections together, each optical waveguide section having a core surrounded by a cladding, comprising:

at least one source laser to provide at least one laser beam; *first and second stages to hold the first and second optical waveguides, respectively, wherein at least one of the first and second*

Art Unit: 2883

stages is movable to provide relative motion between the first and second optical waveguides while holding portion of the first and second optical waveguides to be fused within a fusion splice region while aligning their respective cores; and

a beam delivery arrangement to deliver at least two laser beams to different locations of the fusion splice region, wherein the at least two laser beams are generated from the at least one laser beam provided by the at least one source;

wherein at least one of the stages is capable of holding an optical waveguide having a cross-sectional dimension greater than 400 um.

Claims 23-30 are allowable by virtue of their dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MARY EL-SHAMMAA whose telephone number is (571)272-2469. The examiner can normally be reached on flexible.
